DTR

going the extra mile

Dinex OEM

The OEM division of Dinex is a leading global supplier of innovative gas and diesel exhaust aftertreatment emission solutions for the heavy duty truck, construction & agricultural vehicle industry with activities in Europe, North America, China and India.

Every day our products and technologies clean the exhaust gas from millions of vehicles worldwide in compliance with the most stringent emission legislations, such as EURO VI and EPA10, and with solutions in place for carbon-neutral fuels and hydrogen applications, as well as future emission regulations. Dinex is a part of a green, climate-neutral future for future generations.

With our core technologies within coating and system design, we deliver highly sophisticated aftertreatment solutions to prominent OEM customers globally. For cost efficient solutions we support our customers with global technology & test centres, as well as local application engineering that speaks the language.
